

Summerland

Central Coast Collection

2021
ROSÉ

VINEYARD

The Summerland Rosé is primarily sourced from Loma del Rio Vineyard in Monterey County. With the cooling effect of the Pacific marine layer, grapes ripen slowly and evenly, resulting in flavor intensity, rich texture, and deep color.

95% Loma del Rio Vineyard
5% Monterey

VINIFICATION

The Grenache is picked at 23° Brix with crispness and liveliness in mind: cool and early. To preserve aromas and flavor, the juice cold settles for 48 hours at 50°F. Once settled, the juice is transferred to stainless-steel tanks where it is inoculated at a low temperature. Once fermentation is complete, the wine remains in tank to age, resulting in a clean, crisp finish once filtered and bottled.

TASTING NOTES

Light salmon in color with notes of melon on the nose. Flavors of watermelon, raspberries, and freshly cut strawberries are heightened by crisp acidity on the finish.

VARIETAL:

100% Grenache

ÉLEVAGE:

Fermented in 100% stainless steel.

ALC: 13.2% by vol.

pH: 3.11

TA: 0.77 g/100mL
